COST Events

ESOF 2016

23-27 July 2016 | Manchester

COST is proud to announce it is a **Supporting Partner** at this year's Euroscience Open Forum (ESOF) in Manchester.

The COST Roadshow continues!

We are organising a series of local events where national research communities can learn first-hand about the funding opportunities COST offers. Meet us in April in **Riga** and **Ljubljana**! Visit our events page for future locations and info on our event close to you.

The Role of City-Regions in the Achievement of a Low Carbon Economy

The event focused on finding ways to mobilise stakeholders and implement **solutions for city-regions to drive a low-carbon economy**. A report featuring the workshop's outcomes and future steps is expected this spring. **All the presentations are now available on the event page.**

In Brief

Share your ideas on new research themes or groundbreaking technologies! The European Commission has launched open consultations for its **FET Flagships** and **FET Proactive** schemes.

Dr Antonio Melendez-Martinez from the University of Seville speaks about **Action EUROCAROTEN** and how it can help **improve public health**.

COST Action **New Materialism** is organising a **training school at the Tate Modern museum in London**, focusing on the genealogies of new materialism.
